

WE ARE - India.Arie

We are the love of strangers that say a silent prayer
We are the love of mothers that taught our hearts to care

We are, we are! (harmony)

We are the patients and the sacrifice of yesterday
The silence in between the breaths of all the words we say

We are, we are! (harmony)

Ooh, ooh

Ooh, ooh

We are the proof of life, how our ancestors gave
We are the proof of love from the cradle to the grave

We are, we are! (harmony)

We are the best of struggles that we won't have to bear
We are the heir to all the prayers that float upon the air

We are, we are (harmony)

Ooh, ooh

Ooh, ooh

We are the seed of children that may never know our names
We are the peace of people that won't bow their heads in shame

We are, we are! (harmony)

We walk upon the Earth, we knock on heaven's door
We are the life that teems along the deepest ocean floor

We are, we are! (harmony)

Ooh, ooh

Ooh, ooh

The present, the past, the future days to come
The alpha, the omega, we are everything in one

We are, we are! (harmony)

Ooh (Bass/Ten) - WE ARE! (Sop/Alto)
